Dear Dr. Parag Chaudhuri,

We would like to inform you that your paper 10 entitled "Non-linear Monte Carlo Ray Tracing for Visualizing Warped Spacetime" is in a short list of candidates to win the IVAPP 2021 best paper award, based on marks provided by the reviewers. Only those papers presented at the conference that also get good marks by the session chairs qualify for the final stage. The awards will be announced at the closing session, on 10 February 2021, therefore perhaps you'd like to organize your program in order to attend the closing session, just in case your paper is actually selected as the best.

Best regards,
Beatriz Seves
